

[2010]

In order to provide a pragmatic skill set to students so that they can study abroad or take part in international program in Vietnam, ITEC presents “Essential Skills for International program” course. The first course will be about Reading and Writing, an important skill set that every student must possess. This course is built to enhance the Academic skills in English.

Applicants: High school and university student.

Objectives: students shall be “equipped” a brand new set of vocabulary, reading comprehensive, analyzing information throughout passages and combine these with writing, appropriate sentence structure to compile a high quality journal or report. This is an initial step to deal with the later challenges that the students have to deal with (IELTS/TOEFL/TOEIC). The course includes 3 different levels and shall be lectured by foreign teachers.
