bridge between students and potential employers, so the two group had a chance to stay connect and looking for a suitable candidates. On that day, the event proudly had 10 known enterprises such as Nestlé, Starbuck, AEON, PNJ, Golden Gate, Cungmua, LogiGear, Mega Life Science, ProserveIT, and Career Vision.

Come to the event, Thong Nguyen is a last year student of business administration from ITEC, who is currently working at Continental Hotel. Thong wanted to find a greater job opportunity, a new challenges, and developing in interview skills. Thong shared that he hope to have more.

In the event, nearly 500 students of ITEC and other schools within Ho Chi Minh city has the opportunities to reach firms through these activities, for example: listening to lesson in career paths from leaders of successful firm. Also, with the main objective of the event, "Real Interview, Real Result", the participators can have directly interview with the employeers.

Ms. Thanh Vo, the representative of LogiGear company shared that students are very dynamic and proactive in finding work and approach the employers. In her opion, these students were well trained in writing CV and interview skills. In order to be successful in the future, the students should be emphasized and maintained these skills and turn them into their habit, then the students won't be embarrassing during their future interview. Futhermore, she noted that most students didn't have working experiences, after graduated. However, the projects that ITEC student was done during 4 years to help them quite prominent.

In the end of Career Day 2015, many ITEC students are selected directly to go to the next round of recruitment. ITEC will continue our efforts to bring many rewarding career opportunities for students in further future.
