Amazing Race is part of the extracurricular activity sequels hosted by the ITEC English Department in order to enhance English communication skills for students while create a fun playground for students after class.

On September 4th, 2018, 14 teams attended this year's game and excellently overcame 3 challenge stations at the Bitexco commercial center, Nguyen Huy pedestrian, and the city's post office.

Congratulations to students from Professor Joshua's class for coming in number 1 place and becoming this year's ultimate winner.

We hope to see you again in the upcoming activities!!

Some moments from this year's Amazing Race:
